### **INFORMATION ON CLIMBING THE CATSKILL HIGH PEAKS**

#### **WHAT IS THE CATSKILL 3500 CLUB?**

The Catskill 3500 Club is an organization formed in 1962 to encourage the climbing of the Catskill Mountain peaks over 3500 feet. In doing this a person explores many attractive areas not seen by the average hiker.

#### **WHAT ARE THE CLUB'S ACTIVITIES?**

The Club's outdoor program includes regularly scheduled day hikes, a weekend outing of winter climbing, maintenance of the Long Path over Table and Peekamoose Mountains, and litter patrol along the Club's Adopt-a-Highway two-mile section of Route 214. The Club is also active in conservation and environmental matters involving the Catskill Park.

The social event is the annual dinner in early spring. At this meeting new members receive their certificates, a program is presented and those interested in climbing and hiking have the opportunity to meet one another. Everyone is welcome at these club activities. The Catskill 3500 Club is an organizational member of the New York-New Jersey Trail Conference.

#### **HOW CAN I FIND OUT ABOUT THESE ACTIVITIES?**

They are listed in The Catskill Canister, the Club's quarterly publication. You may subscribe by sending \$10.00 (\$17.00 for two people at the same address) to:
